Source: Haver Analytics and EDC Economics 1 Prices refer to commodities at specific locations, with specific characteristics and units. They may deviate from prices for similar commodities at different locations, with different characteristics or different units. Some series are monthly. Definitions can be provided by contacting EDC (click hyper-link below). 2 Trend arrow points up (down) if five-week average exceeds (falls short of) the 15 week average by a factor of 5% (-5%) or more. 3 Baseline is the average value of the series from Jan. 2, 2020 to Feb. 28, 2023. For weekly series, it's the average over the all observations in January and February 2023. Not applicable for monthly series. \* Series in italics do not affect EDC indices.
