1 Prices refer to commodities at specific locations, with specific characteristics and units. They may deviate from prices for similar commodities at different locations, with different characteristics or different units. Some series are monthly. Definitions can be provided by contacting EDC (click hyperlink below). 2 Trend arrow points up (down) if 5 week average exceeds (falls short of) the 15 week average by a factor of 5% (-5%) or more. * Series in italics do not affect EDC indices.

Contact the Economic and Political Intelligence Centre for more information.
