Keeping Corruption Out and Combating Discrimination

As reflected in Section E(4) of this Application, under the auspices of the Organization for Economic Co-operation and Development (OECD), countries such as Canada, have agreed to take a concerted action to fight corruption. As such, legal measures to deter corruption are now in place in leading trading nations. Effective since 1999, Canada's *Corruption of Foreign Public Officials Act* makes it a criminal offence under Canadian law to bribe a foreign public official in the course of business. Businesses convicted under the Act face heavy fines and individuals can be sentenced to a maximum of five years in jail. EDC has a legal, corporate, and ethical responsibility to ensure it is not knowingly providing support to a transaction involving the offer or the giving of a bribe.

As reflected in Section E(5) of this Application, Canadian Government policy calls for the denial of government support and assistance with respect to transactions where the parties have agreed to accept boycott provisions in contravention of this policy. Accordingly, if the Customer makes a false declaration with respect to Section E(5), EDC reserves the right to impose sanctions on the Customer as EDC deems appropriate and reasonable in the circumstances.

For more information on these and other EDC Corporate Social Responsibility initiatives and practices, please visit EDC's website at www.edc.ca.
